#### One to two paragraph summary of achievements

- A revised term of reference was developed and approved to highlight the advisory role of the recovery team in:
  - development of a recovery plan for the Toolibin Lake NDRC;
  - implementation of recovery actions, particularly as representatives of a range of stakeholders;
  - development of priorities for recovery action;
  - dissemination of information on the progress of recovery; and
  - development of progress reports.
- Nomination of new recovery team members. The team now includes 3 new landholders including one from Walbyring catchment.

- A session was held to identify the assets of Toolibin Lake and each team member assigned values based on the stakeholder group they were representing and their personal values.
- Top 3 Stakeholder Values: 1. Knowledge & educational values 2. Productive use values 3. Spiritual/philosophical/intrinsic values.
- Top 3 Personal Values: 1. Spiritual/philosophical/intrinsic values 2. Aesthetics 3. Knowledge & educational values
