

RECOVERY TEAM ANNUAL REPORT THREATENED SPECIES AND/OR COMMUNITIES RECOVERY TEAM		
PROGRAM INFORMATION		
Recovery Team	Hairy marron	
Reporting Period Submission date 31 March	DATE FROM: 31/03/2013	DATE TO: 31/03/2014
Current membership		
	Member	Representing
Chair	Rodney Duffy	DoF
Exec Officer		
members	Drew Mackenzie Caroline Hughes	Cape to Cape catchments group
	John Bunn	ECU
	Steve Beatty	MU
	Kim Williams Gilbert Stockman	DPaW
	Mike Snow Jason Ledger	DoF
	Anna John Craig Bohm	SWCC
	John McKinney	Augusta/Margaret River council
Dates meetings were held	12 June 2013	
Highlights of achievements for the previous 12 months suitable for publication in <i>WATSNU</i> and contribution to DEC annual report. Provide 1-2 paragraphs summarising total number of new populations located, surveys completed, list major management actions etc		

List of recovery actions coordinated by Recovery Team Detail under the headings below the recovery actions undertaken during the reporting period. Provide separate detail for each species/community against each action. For species/community-specific recovery teams, the generic activity types below can be replaced by the specific recovery actions from the recovery plan where appropriate.	
Monitoring and survey of existing and new populations/ occurrences, targeted surveys, critical habitat mapped etc.	<ul style="list-style-type: none"> - Survey of marron population in upper reaches of Margaret River on two occasions - Survey of watering points in upper Margaret River catchment to determine presence of previously unknown hairy marron populations has been completed
Threat amelioration eg weed control/mapping, fencing/ repairs, fire management disease management, feral/ introduced animal control, installation of roadside markers	<ul style="list-style-type: none"> - Removal of non-hairy animals from Boomerang pool - Commenced trial of fishdown method in Canbrake and Long Pools - Initial survey for suitable ARK sites completed
Conservation and research e.g. fire research, translocation, ex-situ conservation, revegetation/rehabilitation etc	<ul style="list-style-type: none"> - Investigation of microsatellites for identification of marron types completed - Investigation into population mixing using microsatellites commenced - Morphometric key developed - Captive breeding successfully undertaken
Liaison, education/provision of advice e.g. promotional material inc newspaper/ magazine articles, liaison with land managers/ owners, input to impact assessment, development of specific management plans, volunteers assisting with surveys/ monitoring etc.	<ul style="list-style-type: none"> - Cape to Cape catchments group and volunteers trained in morphometric key - Two articles in local newspaper - Interested community members engaged during sampling
Land use/tenure changes e.g. covenants, acquisitions, changes in land use or listed purpose etc.	
Conservation status reviews for taxa/TECs e.g. nominations for additions, deletions or change in status to state threatened or priority lists; changes to EPBC list	
Recovery plans e.g. recovery plans/ IRPs drafted, approved, reviewed or updated	
Other actions completed
