

RECOVERY TEAM ANNUAL REPORT				
THREATENED SPECIES AND/OR COMMUNITIES RECOVERY TEAM				
<b>Recovery Team</b>	Goldfields threatened flora recovery team			
<b>Reporting Period</b>	<b>DATE FROM:</b>	June 2014	<b>DATE TO:</b>	May 2015
Current membership				
	Member	Representing		
<b>Chair</b>	Jennifer Jackson	Parks and Wildlife, Goldfields Region		
<b>Exec Officer</b>				
<b>members</b>	Anthea Jones	Parks and Wildlife, Species and Communities Branch		
	Andrew Brown	Parks and Wildlife, Species and Communities Branch		
	Tjokkie Pieterse	Parks and Wildlife, Goldfields Region		
	Julie Futter	Parks and Wildlife, Goldfields Region		
	Brian Moyle	Wildflower Society of WA		
	Geoff Cockerton	Botanical consultant		
	Jim and Andrea Williams	Botanical consultant		
	Kylie Wilkinson	Cliffs Natural Resources		
<b>Dates meetings were held</b>	11/12/2014 and 7/5/2015			
<b>Highlights of achievements</b> for the previous 12 months suitable for publication in <i>WATSNU</i> and contribution to DPaW annual report. Provide 1-2 paragraphs summarising total number of new populations located, surveys completed, list major management actions etc	<p><i>Tetratheca spenceri</i> (P1), only known population was surveyed and nominated for DRF. This was done as a joint project between Western Botanical (Geoff Cockerton is on the GTFRT) and Parks and Wildlife Goldfields Region.</p> <p>The Goldfields Reference Herbarium moved to the Parks and Wildlife office in Kalgoorlie in May 2014. The Herbarium is well equipped with 1700 collections, a library and a computer with internet access.</p> <p>2 populations of <i>Gastrolobium graniticum</i> (DRF), which grow around granite rocks west of Coolgardie were burnt in April 2015 to encourage germination,</p>			

	with funding received from a State NRM project.
<p><b>List of recovery actions coordinated by Recovery Team</b> Detail under the headings below the recovery actions undertaken during the reporting period. Provide separate detail for each species/community against each action. For species/community-specific recovery teams, the generic activity types below can be replaced by the specific recovery actions from the recovery plan where appropriate.</p>	
<p><b>Monitoring and survey</b> of existing and new populations/ occurrences, targeted surveys, critical habitat mapped etc.</p>	<p>Two populations of DRF inspected/monitored (<i>Tetratheca paynterae</i> subsp. <i>paynterae</i> and <i>T. erubescens</i>), 4 populations of P flora inspected/monitored, 1 new population of P2 <i>Bossiaea laxa</i> found. <i>Ricinocarpos brevis</i> and <i>Tetratheca paynterae</i> subsp. <i>paynterae</i> monitoring conducted by Cliffs is ongoing. There had been no statistical change to <i>R. brevis</i> populations in 2014, however a 10% decline was observed in <i>T.pp</i>, Parks and Wildlife have inspected the population since this reporting and are monitoring the situation. A review of data for <i>Tpp</i> that has been collected over 10 years has been recommended.</p>
<p><b>Threat amelioration</b> eg weed control/mapping, fencing/ repairs, fire management disease management, feral/ introduced animal control, installation of roadside markers</p>	
<p><b>Conservation and research</b> e.g. fire research, translocation, ex-situ conservation, revegetation/rehabilitation etc.</p>	<p><i>Gastrolobium graniticum</i> (DRF), 2 populations/granite rocks burnt to encourage germination, as part of State NRM project.</p>
<p><b>Liaison, education/provision of advice</b> e.g. promotional material inc newspaper/ magazine articles, liaison with land managers/ owners, input to impact assessment, development of specific management plans, volunteers assisting with surveys/ monitoring etc.</p>	<p>General ongoing input occurred into the Goldfields Region Environmental Impact Assessment process. The PEC 'Yellow sandplain communities of the Great Victoria Desert' was inspected in March 2015 as part of a Mulga Rocks/Vimy site inspection. Finalisation of the GTFMP is still ongoing.</p>
<p><b>Land use/tenure changes</b> e.g. covenants, acquisitions, changes in land use or listed purpose etc.</p>	
<p><b>Conservation status reviews for taxa/TECs</b> e.g. nominations for additions, deletions or change in status to state threatened or priority lists; changes to EPBC list</p>	<p><i>Tetratheca spenceri</i> (P1) surveyed and nominated for DRF.</p>
<p><b>Recovery plans</b> e.g. recovery plans/ IRPs drafted, approved, reviewed or updated</p>	<p><i>Tetratheca paynterae</i> subsp. <i>paynterae</i> IRP rewrite commenced in 2014 and is now in draft form.</p>

**Other actions completed**

Goldfields Reference Herbarium moved to Parks and Wildlife office in Kalgoorlie.
