

Notes for plants collected 21/9/03 at Bilbarin

1. *Dampiera juncea* (probably) Rush-like *Dampiera* see Blackall & Grieve Part IV page 723

Collected corner of Parsons Rd and Bilbarin Road

2. *Hibbertia* ?

Collected corner of Parsons Rd and Bilbarin Road

3. *Calytrix* – “Star of Bethlehem”

Collected corner of Parsons Rd and Bilbarin Road

4. *Dampiera*

Collected corner of Parsons Rd and Bilbarin Road

5. Small pink and white flower  
Collected in Parsons Road

6. Hemiandra ???  
Collected in Parsons Road

7. *Olearia muelleri* – (Goldfields Daisy)  
Collected in Parsons Road

Note that this was planted in the wildflower patch in 2002 and survived well

8. Small cream-flowered bush -  
Collected in Parsons Road  
Possibly *Phebalium tuberculatum* or *P. filifolium* – also could apply to 9 below.

9. Small pink and white flower  
Collected in Parsons Road

10. *Isopogon divergens* – Spreading Coneflower see Blackall & Grieve Part I  
page 148

11. *Pimelea* (possibly *sylvestris*)

Collected corner of Parsons Road and Bruce Rock Road

12. *Calytrix* – same as 3.

Collected corner of Parsons Road and Bruce Rock Road

13. Purple flower with yellow centre — like tomato flower- green-greyish foliage

Collected corner of Parsons Road and Bruce Rock Road

14. *Chamelaucium* sp Wax flower ?

Collected at Bunkerdine

From Blackall & Grieve, possibly: *C. virgatum*.

15. *Verticordia* – yellow

16. Yellow flowered myrtaceae

17. *Lechenaultia biloba* (? Query growth habit)

18. *Verticordia* - pink

19. Native foxglove – *Pityrodia terminalis* (more likely than *axillaris*)

20. ?*Grevillea* or *hakea*

Other specimens collected:

*Acacia intricata* – along Parsons Rd

*Acacia multispicata*

*Acacia enervia* subspecies *enervia*

*Dampiera wellsiana* (identified by Claire Hall) at Bunkerline - spoken of as “Blue Cornflower”

*Melaleuca pungens*

*Melaleuca spicigera*

Two eucalypts growing at Harry Keyte Park and doing very well:

*Eucalyptus spathulata*

*Eucalyptus salubris*
