

RECOVERY TEAM ANNUAL REPORT THREATENED SPECIES AND/OR COMMUNITIES RECOVERY TEAM				
Recovery Team	Chuditch			
Reporting Period Submission date 24 April	DATE FROM:	1 st January 2014	DATE TO:	31 st December 2014
Current membership				
	Member	Representing		
Chair	Keith Morris	DPaW, Science and Conservation Division		
Exec Officer	Rebecca Kay	DPaW, Species and Communities Branch		
members	Manda Page	DPaW, Species and Communities Branch		
	Juanita Renwick	DPaW, Ecosystem Health Branch		
	Rebecca Ong	DPaW, Perth Hills District		
	Sarah Comer	DPaW, South Coast Region		
	Kim Williams	DPaW, South West Region		
	Anthony Desmond	DPaW, Midwest Region		
	Bob Huston	DPaW, Perth Hills District		
	Geoff Barrett	DPaW, Swan Region		
	Brett Beecham	DPaW, Wheatbelt Region		
	Brad Barton	DPaW, Warren Region		
	Ian Wilson	DPaW, Warren Region		

	Robert Brandle	DEWNR SA
Dates meetings were held	18.2.14 and 14.10.14	
Highlights of achievements for the previous 12 months suitable for publication in <i>WATSNU</i> and contribution to DEC annual report. Provide 1-2 paragraphs summarising total number of new populations located, surveys completed, list major management actions etc		
List of recovery actions coordinated by Recovery Team Detail under the headings below the recovery actions undertaken during the reporting period. Provide separate detail for each species/community against each action. For species/community-specific recovery teams, the generic activity types below can be replaced by the specific recovery actions from the recovery plan where appropriate.		
Monitoring and survey of existing and new populations/ occurrences, targeted surveys, critical habitat mapped etc. Recovery Action 5	Western Shield - Chuditch present at Western Shield sites were monitored through the program. Camera monitoring - South Coast is monitoring key populations using camera monitoring.	
Threat amelioration eg weed control/mapping, fencing/ repairs, fire management disease management, feral/ introduced animal control, installation of roadside markers Recovery Actions 1, 2, 3, 4, 6		
Conservation and research e.g. fire research, translocation, ex-situ conservation, revegetation/rehabilitation etc. Recovery Action 7	Translocation to Flinders Range, SA - TP coordinated by SA, using funds from FAME - In 2014 37 chuditch were translocated to the Flinders’ Range in South Australia. They were sourced from Julimar and Perup - In September 2014 – 17 had died (7 females and 5 males) with at least 10 due to cat predation. - Females were recorded to have pouch young.	
Liaison, education/provision of advice e.g. promotional material inc newspaper/ magazine articles, liaison with land managers/ owners, input to impact assessment, development of specific management plans, volunteers assisting with surveys/ monitoring etc.	Parks and Wildlife 2014. Re-introduction of chuditch into Flinders Range National Park, South Australia. WATSNU 20: 5 Department of Parks and Wildlife 2014 Rare chuditch sighting in Albany area. Media Statement on the 4.7.14	

Recovery Action 8	
Land use/tenure changes e.g. covenants, acquisitions, changes in land use or listed purpose etc.	N/A
Conservation status reviews for taxa/TECs e.g. nominations for additions, deletions or change in status to state threatened or priority lists; changes to EPBC list	N/A
Recovery plans e.g. recovery plans/ IRPs drafted, approved, reviewed or updated	N/A
Other actions completed
