Murray Valley Mountain Bike Trails

This network of purpose-built single-track trails offers riders a stunning experience through Lane Poole Reserve. With a variety of trail types and styles, the Murray Valley trails have something for everyone.

The Murray Valley mountain bike trails are part of the Dwellingup Adventure Trails network, which includes walk, cycle, drive and canoe experiences. The icon for this extensive and exciting network is the karrak, also known as the forest red-tailed black cockatoo. Its large size, striking red tail feathers, loud 'karraaaaak' calls and noisy eating habits make this uniquely West Australian cockatoo easy to spot in the forests around Dwellingup and Lane Poole.

There are opportunities throughout the trail network for you to discover more about the local wildlife, landscapes, history and cultural heritage that make the Dwellingup Adventure Trails an experience you will want to enjoy many times over.
