The Jarrah Forest Ecosystem

Explore the dry sclerophyllous ecosystem of the jarrah forest with experienced Department of Conservation and Land Management Education Officers.

The one-day field trip can include:

- history and importance of the jarrah forest;
- flora and fauna adaptations to climate and geological conditions;
- landform-soil-plant associations;
- fire, its history and role;
- human impacts and forest management issues including dieback disease and threatened species;
- landform-vegetation mapping activities that encourage observation, interpretation and co-operative teamwork.

Student numbers:

Minimum 25 per class, maximum of two classes

Cost:

\$6.60 per student (incl. GST - the GST can be reclaimed from these curriculum-based activities)

Time:

10 am to 2 pm

Bookings/Enquiries:

Phone: (08) 9734 1988 or Fax: (08) 9734 4539 (8.30 am to 2.30 pm)
