# **Exploring**The Hills Forest

# New opportunities for primary school teachers and students in 1997

'Exploring The Hills Forest' environmental education programs are based in the jarrah forest near Mundaring. These action-packed programs are designed and coordinated by the Department of Conservation and Land Management (CALM).

# 1. Discovering The Hills Forest For Years 6 & 7

Sponsored by ICI Australia

This program, which explores the jarrah forest ecosystem, was developed in 1992 and pioneered the range of opportunities now available for schools at The Hills Forest Activity Centre. We make it easy for teachers by providing the transport to and from The Hills Forest

#### What teachers had to say about the program. . .

This program and quality resource package have become an invaluable and integral part of my teaching right across the curriculum. - Leon

The excursion was a real voyage of discovery for all my students. -

#### What's involved

- \* Teacher Professional Development (PD) day in the forest This gives teachers an overview of our programs, a resource package and some experience of the activities students will encounter during their excursions.
- Pre-visit and post-visit activities at school Teachers use the resource package to prepare students before the excursion, and follow-up afterwards.
- Students' excursion A one-day field trip into the forest. Students are led by CALM staff and environmental educators.

# 2. Catchment Carers' Trail For Years 5, 6 and 7

A learning program about catchment and water resource management developed jointly by CALM and the Water Corporation.

#### What teachers had to say about the program. . .

Excellent day that tied up a very worthwhile term's program based on the trail notes. - Allan

Thankyou for a wonderful experience. The trail walk was for many students the highlight of our camp. The phrase "Catchment sharers must be catchment carers" has real life significance to us now. - Wally

#### What's involved

Teacher and Student Resource Notes

A booklet of notes will be forwarded to teachers who book the trail excursion. A Professional Development day is not required.

- Pre-and post-visit activities at school Teachers may use the notes to prepare students for the excursion and follow-up afterwards.

# 3. Threatened Species program For Years 5, 6 and 7

A program raising student awareness of Western Australia's threatened species and current CALM projects aimed at preventing further extinctions.

#### What teachers had to say about the program. . .

The Action Pack really caught my students' interest, created a sense of excitement and resulted in a great improvement in language skills and other curriculum areas. - Wendy

The camp was a great success. The children learnt such a lot from the hands-on experiences of setting and checking traps and touching the animals. - Sheryl

#### What's involved

#### Western Shield Action Pack

For use in school. The pack contains teacher notes, resource sheets and activity sheets for classroom work, and suggestions for extension activities that link with the curriculum.

Classes that complete the activities can enter a draw to win a 'Night Out with the Woylies' or a set of BushBooks.

Action Packs were sent to all primary schools in 1996. Packs are available from CALM: phone (09) 334 0437. The Action Pack is also available in the 'For Schools' section of CALM's NatureBase internet site at http://www.calm.wa.gov.au

# **Professional Development '97**

The Hills Forest Professional Development days are a good way for teachers to familiarise themselves with the range of CALM's educational resources and opportunities offered at The Hills Forest Activity Centre. They help teachers make the most of their visit to the forest.

#### What a school principal had to say about a whole-school staff PD. . .

It was a PD day all the staff will remember - instructive, enriched our school's outdoor and environmental education priorities; a chance for colleagues to chat away from the hectic school environment over an excellent lunch. - Brian

NOTE: The Discovering The Hills Forest for Years 6 and 7 is offered only to those teachers who have attended a PD day. However, a PD day is advisable, for other programs, particularly 'Busy in the Forest'.

#### Provides:

- An overview of opportunities, resources and educational packages
- Experience of some excursion activities for students
- · A review of CALM educational packages and resources
- A tour of jarrah forest and a discussion about forest management with a CALM officer
- . Lunch.

### **About CALM**

The Department of Conservation and Land Management (CALM) has the task of conserving and managing Western Australia's unique natural heritage for present and future generations.

On behalf of the people of Western Australia, CALM manages a significant portion of the State, including our national parks, State forest, nature reserves, marine parks and timber reserves. It is a large task and one that requires the awareness, understanding and involvement of the wider community.

#### The Hills Forest project

CALM initiated The Hills Forest project to raise awareness and understanding of the values and management of our forests. It offers visitors of all ages a range of outdoor experiences in the forest environment of Mundaring.

### 'Exploring The Hills Forest' programs

These programs have been developed for school students as part of The Hills Forest project. They have been written by local educators for local students. Since 1992, more than 8000 students have been through our programs, and the demand is growing.

Many teachers echo the comments of this teacher; I am very grateful for your programs—they have given me so many useful resources and vitalised my teaching. - Sheryl

Now we can offer something for every year level. Programs link with learning areas of the curriculum: Science, Society and Environment, Arts, English and Mathematics. They also support the aims of the Student Outcome Statements. Each program includes an excursion to The Hills Forest Activity Centre, which is guaranteed to be interactive, informative and exciting.
