Dales Gorge

2km – 3 hours return

Experience gorge wildlife at close quarters from this creek-side trail between Fortescue Falls and Circular Pool Trail.

JOFFRE AND KNOX GORGES

Appreciate the power of water shaping the landscape. There are impressive waterfalls, and deep, cold pools. See for yourself how the gorges were formed.

Joffre Lookout

100m – 10 minutes return

Rock steps take you down to the lookout to view this spectacular curved waterfall forming a natural amphitheatre, which is especially impressive after rain.

Knox Lookout

300m – 15 minutes return

As you take the steps down to the lookout, watch the view spread out in the distance. It's spectacular in the early morning or late afternoon light.

Knox Gorge

2km – 3 hours return

As you climb down and scramble along the gorge, notice the fig trees clinging to the richly coloured walls. Skirt several pools and return from the 'Gorge Risk Area' sign.

Joffre Falls

3km – 2 hours return

Most of the trail is class 4, but the last 150m (descent into the bottom of the gorge) is class 5. Follow the marked route into the bottom of the gorge to the first pool downstream of the waterfall.
