RESERVE ACTION SHEET: CONSERVATION RESERVES

RESERVE No. 4182, Esperance

REASON FOR ACTION

Creation of a new nature reserve, Reserve 4182, near Pink Lake, Esperance, in the Shire of Esperance. **Purpose:** Conservation of Flora & Fauna and Water. **Vesting:** Conservation Commission of Western Australia.

Area: 119.9424 hectares

The reserve was previously vested in the Water and Rivers Commission, for "Water and Conservation of Flora & Fauna". It was proposed as a nature reserve in the management plan for Esperance Lakes Nature Reserves (1999-2009) and in the Regional Management Plan for the South Coast Region (1992-2002). The reserve helps protect Pink Lake, part of the Lake Warden System, recognized as "wetlands of international importance" under the Ramsar Convention. It also provides a short, but potentially important, corridor between that wetland system and coastal reserves west of Esperance.

Native Title: extinguished by the original vesting of the reserve in 1972 (in the Minister for Water Resources).

Date of amendment: 14/7/2004

Customer advice: at p. 5 is a fax providing the official advice, in place of the usual customer advice, which in this case did not get issued.

Proposal Summary: the proposal, as stated in the above management plans, is at pp. 11-12.
