

RESERVE ACTION SHEET - CONSERVATION RESERVES

RESERVE 11883: Trigonometrical Station within Beekeepers Nature Reserve (↑24496) Shire: Shire of Dandaragan

REASON FOR ACTION

Location 12029, containing the trigonometrical station site, has been set aside as Reserve 11883 under section 5(1)(h) of the *Conservation and Land Management Act 1984*, with a Management Order issued to the Conservation Commission of WA for the purpose "Conservation of Flora and Fauna and Trigonometrical Station".

Area: 4047 m²

The creation of this reserve is the outcome of negotiations between agencies for many years regarding the management of trigonometrical sites surrounded by conservation reserves. It has been decided that the care, control and management of such reserves should be the responsibility of the Conservation Commission. The size, purpose and tenure of each site will be determined by the type of reserve surrounding it.

- Date of creation: 19 August 2002 (p. 36)
- Recommended IUCN classification: N/A
- Plans at Folios: pp. 2, 33-34 & 37-38
- Native Title: Previously an unvested reserve

RESERVE ACTION SHEET: CONSERVATION RESERVES

RESERVE No. 11883

LOCAL GOVERNMENT: Shire of Dandaragan

NAME : Un-named

PURPOSE: Conservation & Trigonometrical Station **VESTING:** Conservation Commission

ACTION

Change of purpose from 'Conservation of Flora & Fauna and Trigonometrical Station', to 'Conservation and Trigonometrical Station'.

Total Area: 0.4 hectares (no change)

REASON FOR ACTION

The change of purpose for this small plot of land removes any doubt that, under the the *Conservation and Land Management Act 1984*, Reserve 11883 is a section 5(1)(h) reserve managed for the dual purpose of 'conservation and trigonometrical station', rather than a nature reserve for 'conservation of flora and fauna'.

The reserve's care, control and management have been placed with the Conservation Commission under Part 4 of the *Land Administration Act 1997*.

Date of amendment: 28/6/07

Maps: pp. 16-19

Customer advice: pp. 11-13

Summary of Action: see p. 20

Background Information: p. 2 (old) & 7 (new)

IUCN classification: IV (no change)

Native Title: Native title is likely to have been extinguished by the construction of the trigonometrical station as a 'public work' under the Native Title Act section 24JB (2).
