

RESERVE ACTION SHEET - CONSERVATION RESERVES

RESERVE No. 21980

REASON FOR ACTION

- Change of purpose from 'School Site' to 'Conservation of Flora and Fauna' with vesting in the NPNCA (previously vested in the Ministry for Education). Area: 1.69 hectares.
- This reserve contains *Eremophila adenoticha*, a species of rare Western Australian flora, which has been recorded on CALM's Priority One Flora List (taxa that are known from one or a few (generally fewer than five) populations that are under threat). It also consists of a diverse array of vegetation unlike nearby nature reserves.
- The reserve's area has also been increased by about 0.007 ha to 1.69 ha due to a recalculation of its boundaries. Technological advancements within DOLA since the original gazettal of this reserve has enabled a more accurate spatial definition of it.
- Date of DOLA's advice: 24 December 1999 See folio: 46
- Plans at folios: 47-9
