## RESERVE ACTION SHEET - CONSERVATION RESERVES

**RESERVE No. A↑25039**

### REASON FOR ACTION

The addition of reserve 18794 (Excluding lot 68) to Emu Hill Nature Reserve (A ↑25039), with a management order issued to the Conservation Commission for the purpose of Conservation of Flora and Fauna.

Area: 76.0174 ha

Reserve No. 18794, of about 17 hectares, was a C class reserve vested in the 'Minister for Water Supply, Sewerage and Drainage' for the purpose of 'water'. It adjoined the western side of Emu Hill Nature Reserve, which falls within Emu Hill Townsite (most of which was already nature reserve). The addition of this land (excluding lot No. 68, which incorporates a community dam) will increase the viability of Emu Hill nature reserve.

## CLAUSE 13

Reserve No. 25039 (Emu Hill Nature Reserve) in the Shire of Narembeen

13. Reserve No. 25039, classified as of Class A, formerly described as comprising 89.030 8 hectares or thereabouts but found on recalculation to comprise 61.695 9 hectares or thereabouts, set apart for "Conservation of Flora and Fauna" and vested in the Authority, is amended by including an area of 880 square metres, being Emu Hill Lot 74 (formerly Lot 15 on Plan No. 1711) so that the reserve comprises 61.783 9 hectares or thereabouts.

## CLAUSE 13

“Protection of Flora” Reserve 25039 was set aside and proclaimed Class “A” in June 1958. The Reserve comprised Emu Hill Lots 1 to 14 inclusive, 16, 17, 19 to 63 inclusive, 66, 67, 71, 72 and 73 and comprised an area of about 89.0308 hectares. This represented the majority of the land contained within the abandoned Emu Hill Townsite.

Via Clause 4 of Reserves Act Number 95 of 1980 the purpose of Reserve 25039 was amended to “Conservation of Flora and Fauna”. The reserve was vested in the then Western Australian Wildlife Authority in March 1981.

It is now proposed to include vacant Crown Emu Hill Lot 74 (formerly Lot 15) into Reserve 25039 as part of the process to eventually reserve all land within the townsite for the abovementioned purpose. The Lot is coloured dark red on the sketch and comprises an area of 880 square metres.

This proposal has the support of the Shire of Narembeen and Department of Conservation and Land Management. The Department of Minerals and Energy has raised no objection to the inclusion.

As a separate matter improvement in technology and more accurate plan production has enabled the calculations of areas and distances to be more precise. Application of new methods as part of DOLA Tenure Validation Project has resulted in the area of Reserve 25039 being recalculated from about 89.0308 hectares to about 61.6959 hectares, without external boundaries being altered.

As land can only be added to Class “A” reserves with the approval of both Houses of Parliament, this clause seeks to achieve that action as well as re-establishing (recalculating) the area of reserve.
