

RESERVE ACTION SHEET - CONSERVATION RESERVES

RESERVE No. 44077

REASON FOR ACTION

The inclusion of Port Kennedy Lot 217 into class A reserve 40541 and the subsequent amalgamation of reserve 40541 (redescribed as Port Kennedy Lot 216) into class A reserve 44077, for the purpose 'Conservation of Flora and Fauna'.

Area: 693.44 hectares

The Port Kennedy Area is of outstanding significance. The area is an important resource for research in modeling sea level change and shoreline response. The area contains three unusual vegetation associations: *Acacia lasiocarpa* complex, *Olearia Avillaris-Jacksonia furcellata* complex and the *O.Axillaris-Melaluca* complex. It also supports the rare southern brown bandicoot, *Isoodon obesulus*. The two reserves are contiguous and amalgamation would rationalise the management boundaries

Date of DOLA's advice: 26 October 2000
Plans at folios: 192,191,174, 174,137

See folio: 179
