

RESERVE ACTION SHEET - CONSERVATION RESERVES

RESERVE No. 46122 (Cane River Station)

REASON FOR ACTION

- Creation of a new reserve, vested in the Conservation Commission for the purpose "Conservation Park". Area: 147 843 hectares.
- The reserve was bought by CALM in 1996 with assistance from the State and Federal Governments through the National Reserve System Program, which is now a part of the Commonwealth Government's National Heritage Trust. The park lies within the Pilbara biogeographic region, which is listed as high priority under the Interim Biogeographic Regionalisation of Australia for the acquisition of suitable lands to add to the national reserve system. The park was found to contain vegetation complexes associated with the surface geology of the Cane River area, which were not previously represented in the existing conservation estate in the Pilbara.
- Date of DOLA's advice: 12 April 2000 See folio: 3
- Plans at folios: 7- 8
