PLAN FOR OUR PARKS
NINGALOO COASTAL RESERVES PARK PROJECT PLAN

Park area	Existing Tenure	Tenure categories with ILUA consent	Previous Approvals	Native Title Party preference	Proposed refinement	Comments
1 – Cape Range Eastern Extension	UCL	<p>ILUA Area: Exmouth Gulf Optional Area</p> <p>Class A National Park, Conservation Park, or CALM Act section 5(1)(h) reserve for ‘a conservation purpose’</p>	DMIRS consulted previously for the 2010 management plan for Cape Range.	Class A National Park	<p><u>Park Area 1A</u> A non-class A conservation park is proposed over the high-grade limestone resource. The final boundary is subject to ground truthing.</p> <p>Boundary amendments are also proposed to exclude:</p> <ul style="list-style-type: none"> • granted mining leases M 08/280 and M 08/332; • mining lease applications M 08/215 and M 08/216; and • exploration permit E 08/1781 from the proposed park. <p>E 08/1780 is to be classified as non-class A conservation park recognising the presence of priority flora, threatened subterranean fauna and endangered black-flanked rock-wallaby.</p> <p><u>Park Area 1B</u> The remainder of the Cape Range Eastern Extension is retained as class A national park.</p>	<p>The proposed refinements recognise the known local, national and international values of the area and considers the preferences of the Gnulli native title claimants. It represents a balanced approach to address risks to Government whereby areas of high-grade limestone resource of strategic importance to the State are afforded a tenure of non-Class A conservation park or excluded from the proposal. However, the majority of the rock wallabies occur in the excluded M08/215 mining lease application area.</p> <p>The approach recognises potential future tourism opportunities in maintaining road access.</p> <p>The total area to be excluded is 3070 hectares, which represents 9.5% per cent of the total proposed park.</p> <p>If tenements over excluded areas are surrendered, consideration should be given to reinstating those areas into the proposed park.</p>
2 - Cape Range Southern Extension	UCL	<p>ILUA Area: Cape Range National Park Southern Extension</p> <p>Class A National Park</p>	DMIRS consulted previously and approved by Government	Class A National Park	<p><u>Park Area 2</u> Progress area into the class A Cape Range National Park.</p>	
	UCL	<p>ILUA Area: Ningaloo Optional Area (including portion of Ningaloo Coastal Strip)</p>	Nil, included in Nynggulu (Ningaloo) coastal reserves joint management plan 2019	Class A National Park	<p><u>Park Area 2</u> The Gnulli ILUA includes a 3592 hectare area that was not included in the park proposal. Boundary amendments are proposed to align the two boundaries. Progress the area into the class A Cape Range National Park.</p>
