PO Box 100
NARROGIN 6312

Agricultural Area (AA) Dams
Shire of Lake Grace

Dear Brett,

The Water Corporation as part of the rationalisation of AA Dams within Western Australia seeks your comments prior to 'use and disposal recommendations' being presented to the Steering Committee – AA Dams.

To facilitate a whole of Government approach to the Disposal Strategy the Corporation is seeking comments from external Stakeholders involved in the AA Dams disposal process based on the following seven questions: -

1. Is the AA Dam part of a water scheme?
2. Is it required by your Agency for water supply?
3. Is your Agency only interested in the land parcel?
4. Does your Agency require decommissioning of any infrastructure?
5. Does your Agency require a management plan?
6. Are you aware of any beneficial uses/users of the reserve?
7. Does your Agency have any further comments?

Please find accompanying this letter a CD which has a file on each of the dams for comment. Each file contains a Map & Photo's document and a Comment Form for uniform responses. It is the Water Corporations preferred option that you provide your response in an electronic format. On completion of the Comment Form please forward your response to me.

To facilitate the process it is requested that the completed Comments Form be returned to the Water Corporation within 28 days.

If you require any further information on the information requested or the project and its processes, please do not hesitate in contacting me.

Yours sincerely,

Cate Gustavsson
