

About data. 79 10m x 10m quadrats and adjacents from the west midlands. Plant species data. 1 to 2 visits (see location data).
1998 and 1999 field work. In5m: record of inside (in) or adjacents within 5m of quadrat. Form. Shrub, Herb, Grass, Sedge, Tree, Mallee.
Margaret Langley Department Conservation and Land Management. Department Environment and Conservation.
