

**Faunas of unflooded saline wetland floors of the
Western Australian wheatbelt**

B.J. Durrant and N.A. Guthrie

Appendix 1: Full terrestrial invertebrate dataset

Appendix 2: Pit location data

Appendix 1. Full dataset of all the identified terrestrial invertebrate species from this survey and the salinity action plan survey (SAP) for the sites indicated. Key: z = SAP data; w = woodland; f = floor (both samphire and lake floor data).
