170 02544

Wing Tags R3 02644

R5 170 02645

R9 1002647

E6 was re fixed
 with new pins
 Bird was quite light &
 in poor condition which
 may be attributed
 to infection from wings
 or recent long flight

All birds flew off after
 release except 1, which
 attempted to flap about
 30 m.

Arrived Mammal 1830

Met w/o Phil Roberts & Shae?

proceeded to check area & closed

area which is marked with red tape

Note observed 1 only W.K. person

2000- → 9 ft wh 10-30 GT & BL

Spoke to ~~man~~ each shooter in turn

obtaining shooting license no.

Advised each one of closed area

& no night shooting. Advised

of opening at 0500. Sun line 0523

obtained opinion of

1 opening time

2 bag limit

that it was people agreed

that 0100 opening gave birds a

chance & this would not be

(68)

Shooting till morning
but may have got into
position at 0300 - 0400
& begin shooting from 0400.
depending on the light
available. Few

Few would recognize
P&D + F&D including
illustration shooter. Most
were kids to do the right
thing as far as opening times
was concerned.

Bag.

All shooters thought
bag was too small for them.
M.D. not seen in numbers
on Memorial. ???

Expected the rest of
the season is normal we may

(69)

get a bigger bag of other
species. lucky to get any sort of
season at all.

Good response from all
shooters. At 02100 there
were 33 shooters with licenses
& without license with
shoots in NO 35201

address 54 Melrose Ave. K. Yuf.

2. powergen

Most were groups of 4 or
more.

about 5 to have
two single shooters.
