fluo at 1000 to quarry site
+ then down to 500 and

R.B. Water in bulk at Quarry
site then again at sites
around Bay in 3 small blocks
or Flack at Fall Point

(53)

There are few locations where
the road is more than 100 m from
the cliff edge.

NEC PC 8201A

The old ~~top~~ camp site is a
reasonable location

The quarry site is good but
aesthetics are lost.

Fall point is excellent for
water and accessibility

However the road is very
close to less than 100 m to
the cliff. It will be
necessary to re route the
road to the north
of the point.

Ask John Spontone for details of
water & drilling costs.
