

New Parks Program

New Parks Program

What's in it for all of us?

POOGF Policy commitments

POOGF Policy commitments

- Establish 30 new National Parks and 2 new Conservation Parks in the southwest

POOGF Policy commitments

- Establish 30 new National Parks and 2 new Conservation Parks in the southwest
- End logging in nearly 99% of old-growth forests

POOGF Policy commitments

- Establish 30 new National Parks and 2 new Conservation Parks in the southwest
- End logging in nearly 99% of old-growth forests
- Create Walpole Wilderness Area

POOGF Policy commitments

- Establish 30 new National Parks and 2 new Conservation Parks in the southwest
- End logging in nearly 99% of old-growth forests
- Create Walpole Wilderness Area
- Create 100 new jobs in CALM and FPC with priority given to Displaced Timber Workers

Recurrent funding

Recurrent funding

- Three forest regions received additional New Parks recurrent funding, to enable employment of additional resources to “get the job done”, including employing Displaced Timber Workers

Recurrent funding

- Three forest regions received additional New Parks recurrent funding, to enable employment of additional resources to “get the job done”, including employing Displaced Timber Workers
- Three forest regions received PVS budget cuts (dividends) over past 2 years, while rest of Regions did not have any PVS cuts

Capital projects

Capital projects

- New Parks capital funding of \$2.050m (01/02) and \$3.070m (02/03) has enabled a large number of projects on the “to do” list to be completed. Further 2 years of NP capital funding will continue getting these projects off the books

Capital projects

- New Parks capital funding of \$2.050m (01/02) and \$3.070m (02/03) has enabled a large number of projects on the “to do” list to be completed. Further 2 years of NP capital funding will continue getting these projects off the books
- Statewide Capital program has been largely diverted to projects in other areas of the State

Management Planning

Management Planning

- Staffing: 3.5 new staff appointed to New Parks

Management Planning

- Staffing: 3.5 new staff appointed to New Parks
 - Currently working on a range of plans that otherwise wouldn't have been done for sometime; capacity to move onto other plans according to the Statewide planning priorities

Who benefits?

Who benefits?

- The POOGF Policy is aimed at directly benefiting the southwest (employment outcomes, establishment of New Parks, infrastructure etc)

Who benefits?

- The POOGF Policy is aimed at directly benefiting the southwest (employment outcomes, establishment of New Parks, infrastructure etc)
- There are indirect benefits that flow on to the rest of the State (shift in resources, increased capacity to deliver in planning, design, interpretation etc).
