SECTION III

Contains all data (New and Recoveries)
for birds banded 2968 - 4500.

Both sets of data recorded on same
schedules.

Note - The compiling of stop data
ceased at 2968 as insufficient information
in records - what is available is
unreliable due to inconsistency in recording
system.

The exception to this will be
in the case of recovered birds which will
be recorded also as stopped if information
is available in records.
