The Hills Forest Amphitheatre

The Hills Forest project was initiated by the Department of Conservation and Land Management (CALM) to offer visitors fun, outdoor recreation experiences to raise their awareness and appreciation of the values of our forests and how they are managed. The project's creative approach to providing learning experiences has resulted in the construction of a unique rammed-earth amphitheatre.

Nestled in the forest at Mundaring, the amphitheatre has a professionally designed multi-functional lighting and sound system hidden in the bushland setting. We are excited to be able to present for you and your family a range of inexpensive, enjoyable outdoor learning experiences in the forest.

The Hills Forest has introduced a smoke-free policy at this venue.
