Ready-made program on WA's threatened animals

The Western Shield Action Pack and Back from the Brink excursion will quickly engage students of Middle Childhood in Western Australia's threatened animals. It will help you fulfil the needs of the Curriculum Framework in Society and Environment, Science, English and Maths.

Western Shield is the biggest wildlife conservation program ever undertaken in Australia. This project aims to bring native wildlife back from the brink of extinction by controlling introduced predators, the fox and the feral cat.

The Action Pack:

- addresses the core value of environmental responsibility
- encourages collaborative group work
- focuses on inquiry as a process of learning
- explores a variety of learning technologies
- provides opportunities for students to reflect on their learning

PDs and Excursions:

- Hands-on research methods
 - Search for animal dens and nests
 - Encounters with threatened native animals
