Indicative Management Plan for the Proposed Geographe Bay/ Leeuwin-Naturaliste/Hardy Inlet ('Capes') Marine Park

Department of Environment and Conservation

Have your say

The Department of Environment and Conservation (DEC) and the Marine Parks and Reserves Authority (MPRA) has prepared, in consultation with an Advisory Committee and interested stakeholders, an indicative management plan for the Capes Marine Park. This management plan specifies how the park will be managed in the future. Your suggestions and comments are important to us and we encourage you to make a submission to DEC regarding your thoughts.

How to make a submission

To submit your comments on the draft management plan, please complete the form, fold it as shown and post to DEC. You will not need a stamp. Alternatively you can submit your comments electronically at www.dec.wa.gov.au or you can email your comments to capes.marine@dec.wa.gov.au

To complete the submission form you will need a copy of the 'Have Your Say' brochure, which includes the zoning maps. If you would like to make more detailed comments on the individual strategies to protect the ecological and social values of the park, you will need a copy of the Indicative Management Plan for the Proposed Geographe Bay/Leeuwin-Naturaliste/Hardy Inlet Marine Park. Copies of the management plan and the Have Your Say brochure are available at local DEC offices or on the DEC website, www.naturebase.net/haveyoursay

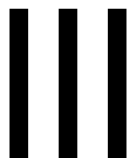

Thank you for giving us your time and information. Please follow the folding instructions on this page, staple and post free of charge.

Office use only			

Submissions must be received by 15 December 2006

3. Vision statement

The vision statement for the proposed Capes Marine Park has been developed to reflect the local and broader community's future aspirations for the conservation and use of the marine park, and will provide a broad direction for future management. The draft vision for the proposed Capes Marine Park is:

To preserve for present and future generations the unique nature of our marine environment, supporting sustainable human endeavour and recognising cultural and spiritual values.

Do you support this vision for the proposed marine park?

Yes No

How would you improve or change the vision statement?

4. Reserve type

As outlined in this Have Your Say brochure (page 4), the CALM Act 1984 allows an area to be declared one of three different types of conservation reserve. The indicative management plan recommends that the Geographe Bay/Leeuwin-Naturaliste/Hardy Inlet area be declared a marine park.

Do you think that a marine park is the most appropriate type of marine conservation reserve for this area?

Yes No

If your answer is no, what change would you suggest?

5. Reserve boundary

Please have a look at the map in this Have Your Say brochure.

Do you have any other changes or suggestions regarding the landward and seaward boundary of the proposed Capes Marine Park?

6. Do you have any comments regarding specific management arrangements that you think would be appropriate to conserve the marine environment and manage human activities in the vicinity of Kilcarnup/Gnarabup? (refer to page 9 of this Have Your Say brochure)

7. Other than comments on specific zones (overleaf) do you have any further comments relating to the zoning scheme for the marine park? (refer to the maps provided)

10. Zoning

An overview of the zoning scheme and its development is included in this 'Have Your Say' brochure. While the zoning scheme was derived through Advisory Committee discussions with input from stakeholders (who included representative bodies, interest groups and community groups) and subsequent consideration by the MPRA and Government, there may still be areas where you could recommend changes to the scheme. Have a look at the map and please tell us what changes you would like to see made to areas and why you believe such changes are necessary, being specific in your answers.
