KALGOORLIE WA 6433

When completed, moisten light green areas and refold to close (do not staple) so the return address panel is on the outside.

HAVE YOUR SAY

on the management plan for Northern Yilgarn (Mt Manning Range Nature Reserve, Mt Elvire and Jaurdi) Conservation Reserves

The Department of Conservation and Land Management, on behalf of the Conservation Commission of Western Australia, is in the process of preparing a management plan for:

- the existing Mt Manning Range Nature Reserve,
- the proposed Mt Elvire Conservation Park,
- the proposed Jaurdi Conservation Park,
- the proposed Helena and Aurora Range Conservation Park, and
- the proposed Die Hardy/Jackson/Windarling Ranges Conservation Park.

The management plan will detail the purpose of the parks and reserves and how CALM will develop and manage them over the long term.

Have Your Say

Public involvement in how the planning area should be managed is an important part of the planning process and a number of opportunities will be provided for this to occur. You are invited to register your interest in the development of the new management plan. In doing so, CALM will notify you of opportunities when you can contribute. All contributions will be carefully considered and taken into account in preparing the proposed management plan.

Although the details of the public participation process are yet to be finalised, it will be likely to include community workshops, public displays and submissions to the draft management plan. By providing your contact details we can inform you of events/opportunities as they arise and keep you up to date with our progress.

If you wish to register your interest, or register on behalf of a group or organisation, please complete the form on this brochure and post it to the address shown.
