Park Notes

Millstream - Chichester National Park

Bird List

The majority of birds listed below are resident in the park. A few only use the wetlands to rest as they migrate either north or south. To help you use this list, the birds found at Millstream have been placed in the same order as they appear in most field guides. The numbers listed alongside each name refer to those in *A Field Guide to the Birds of Australia* by Graham Pizzey. If you see a bird in the park that doesn't appear on this list, please let the ranger know.

1	Emu	203	Red Kneed Dotterel	511	Brown Songlark
4	Great Crested Grebe	214	Blacked Winged Stilt	515	Variogated Wren
6	Little Grebe	294	Peaceful Dove	518	Blue And White Wren
