This PDF has been created for digital preservation. It may be used for research but is not suitable for other purposes. It may be superseded by a more current version or just be out-of-date and have no relevance to current situations.

# Certificate

## Leak, Weed, Seed & Feral Free

The purpose of this certificate is to demonstrate that the potential vector(s) listed below was inspected to an agreed standard and is now certified free of leaks, soil or vegetative material that may carry animals, weeds, seeds or spores onto DEC-managed estate, namely:

\_\_\_\_\_.

| Vehicle / Plant / Equipment item | Make & Model | Registration Engine No VIN/ Identifier | Owner: Person /Company /Agency | Site last used |
|----------------------------------|--------------|--|--------------------------------|----------------|
|                                  |              |  |                                |                |
|                                  |              |  |                                |                |

This vehicle has been declared free of leaks, soil and vegetative material and other contaminants prior to entry to DEC-managed estate:

**Declaring Person:**

| Signature | Name | Date & Time | Company/Agency | Contact Details |
|-----------|------|-------------|----------------|-----------------|
|           |      |             |                | M:<br>T:<br>F:  |

This vehicle has been inspected and verified as clean prior to entry to site:

**Site Supervisor/Representative:**

| Signature | Name | Date & Time | Company/Agency | Contact Details |
|-----------|------|-------------|----------------|-----------------|
|           |      |             |                | M:<br>T:<br>F:  |

This vehicle has been inspected and verified as clean prior to entry to site:

**DEC auditing officer:**

| Signature | Name | Date & Time | Company/Agency | Contact Details |
|-----------|------|-------------|----------------|-----------------|
|           |      |             |                | M:<br>T:<br>F:  |

## Checklist for Vehicle & Machinery Inspections

In order for an item to be certified free of leaks, seeds, weeds and other infestation it must undergo an inspection and be certified clean by an accredited person.

*Taking an infested disease vector onto DEC estate may constitute a breach of the Conservation and Land Management Act (1984) & Regulations.*

| Registration/ID:                                | Make & Model:   |                |               |           |         |
|---|---|----------------|---------------|-----------|---------|
| Item  | Type/Examples   | Not Applicable | Not Compliant | Compliant | Initial |
| Scrub bars                                      | Front, Rear, Side   |                |               |           |         |
| Fenders:  | Front, Rear, Side   |                |               |           |         |
| Fenders:  |   |                |               |           |         |
| Radiator area                                   |   |                |               |           |         |
