# HAVE YOU SEEN THIS FLOWER?

*Myoporum cordifolium*  
Jerramungup Myoporum

YES I HAVE SEEN THIS FLOWER AND WOULD BE PLEASED  
TO HELP WITH INFORMATION ON ITS DISTRIBUTION.

NAME .....

ADDRESS .....

PHONE .....

This Myoporum is a twiggy spreading shrub to 1m tall.  
It has very small (2mm) dark green leaves that crowd along the stems.  
The white flowers are small (5mm) tubes that spread out into 5 petals  
with a few purple spots in the throat. They flower from June to November.

CALM is working with the community to conserve the Jerramungup Myoporum  
on private property and public owned land, including road reserves.

CALM can help private property owners to look after this species,  
if it occurs on their property.

We are interested in finding out the distribution of this plant in your area.

If you have seen this flower, we would like to hear from you.

You can help by returning the detachable form below.

If you would like more information please contact  
**Ellen Hickman** at CALM Phone: (08) 9842 4521 - Fax: (08) 9841 3329  
or Community Representative **Sue Osborne** on (08) 9828 9026.

Your help in conserving our rare flora would be really appreciated.
