Under a Regent Moon provides a historical account of the Marigui Homestead on the remote Prince Regent River. Written by Kimberley researchers Tim Willing and Kevin Kenneally, the book is based on articles and diary entries written between 1891 and 1892 by pioneer pastoralist Aeneas Gunn.

The endeavours of Gunn and Bradshaw have been beautifully captured in this 76-page book which includes colour and black and white photographs, maps and diary excerpts.

NEW BUSHBOOK TITLES
