# SUN & STARS FESTIVAL - 1<sup>st</sup> March 98

COME AND ENJOY THE FUN AS YANCHEP NATIONAL PARK CELEBRATES WITH THE SUN & STARS FESTIVAL ON SUNDAY, 1<sup>st</sup> MARCH 1998.

A whole range of activities and experiences await you from guided walk trails, arts and crafts, and children's activities to native animal and

aerial water bombing displays. As the sun sets, the fun continues with night cave tours and twilight launch tours of Lake McNess to the finale of star viewing with the Perth Observatory. You may even see Saturn disappear behind the moon - a rare occurrence not seen very often, but due that weekend.

Throughout the festival, entertainment will be non-stop as school bands and pipe bands fill the air with music. Bring a picnic, or taste the food on sale throughout the day. Enjoy the twilight in the company of a bush band and swing/jazz band.

Whatever you do - don't miss it! Bring your family and friends and experience all that Yanchep National Park, the Perth Observatory and the Wanneroo community have to offer. Festivities start at 12 noon till 10.00pm.

**For further information contact Yanchep National Park on (08) 9561 1004**

Star viewing dependent of weather
