CALM LIBRARY ARCHIVE
NOT FOR LOAN

013017

CURRENT PUBLICATIONS

M. R. L. LEWIS, L. A. PETERS, L. M. VAN OIJEN

Material contained in the list, when still in print, is available on request from the Forests Department of Western Australia, 54 Barrack Street, Perth, W.A. 6000. All material is issued free of charge, except those items marked with a dagger, whose cost is available on request.

All material marked with an asterisk is out of print at the date of this publication, but can be examined at the Department's library.

August 1979

RESEARCH PAPERS

- * 1. Understorey fuels in karri forest. R. J. Sneeuwjagt, 1971.
- * 2. Commercial thinning in radiata pine. F. H. McKinnell, 1971.
- * 3. Some aspects of logging hygiene. F. Batini and J. Cameron, 1971. (Reprinted 1974.)
4. Regeneration methods in mixed marri-karri stands. B. J. White, 1971. (Reprinted 1974.)
- * 5. Fertiliser response in *Pinus radiata*. E. R. Hopkins, 1971.
- * 6. Early response to thinning in stands of *Pinus pinaster*. E. R. Hopkins, 1971.
- * 7. Assessing maritime pine fuel quantity. J. McCormick, 1973.
- * 8. Fire effects on understorey shrubs. G. B. Peet and G. W. van Didden, 1973.
- * 9. Measuring forest fuels. R. J. Sneeuwjagt, 1973.
- * 10. The root system of jarrah (*Eucalyptus marginata*). P. C. Kimber, 1974.
- * 11. The effect of prescribed burning on the fauna of the jarrah forest. W. Schmidt and M. Mason, 1973.
- * 12. Response of open-rooted karri (*Eucalyptus diversicolor*) seedlings to nitrogen and phosphorus fertiliser. P. Christensen, 1974.
- * 13. Clear felling with seed trees in karri (*Eucalyptus diversicolor*). B. J. White, 1974.
- * 14. Susceptibility of *Eucalyptus marginata* and *Eucalyptus calophylla* seedlings to infection by *Phytophthora cinnamomi* in nutrient solution. F. E. Batini, 1974.
- * 15. Control of herbaceous weeds in Blackwood Valley pine plantations. F. H. McKinnell, 1975.
- * 16. Dispersed recreation survey in native forests near Perth, Western Australia. D. Spriggins, 1975.
- * 17. Mining in State Forest—a situation report, Autumn 1975. P. N. Hewett, 1975.
18. The wildflower industry in Western Australia. P. N. Hewett, 1975.
19. The relationship between electrical conductivity of soil: water suspensions and soluble salts in some Western Australian forest soils. A. B. Hatch, 1976.
20. Recovery of maritime pine (*Pinus pinaster*) after severe crown scorch. J. McCormick, 1976.
21. The capacity of jarrah forest native legumes to fix nitrogen. S. R. Shea and R. J. Kitt, 1976.
22. Stream and groundwater salinity levels in the South Dandalup Catchment of Western Australia. S. R. Shea and A. B. Hatch, 1976.
23. Salt content of soil profiles in the Helena Catchment, Western Australia. F. E. Batini, A. B. Selkirk and A. B. Hatch, 1976.
24. Water quality in the Donnybrook Sunkland (Blackwood Plateau). F. H. McKinnell, 1976.
25. The effects of temperature on the infection of N.Z. blue lupins by *Phytophthora cinnamomi*. F. E. Batini and J. N. Cameron, 1975.
26. Aerial application of urea fertiliser to jarrah pole stands. P. C. Kimber, 1976.
27. A comparison of several techniques for the micro-estimation of sulphate in water samples. A. B. Hatch, Yoke Lin Wong and Colleen Stone, 1976.
28. Small streamflow measurements in the northern jarrah forest, Western Australia. E. J. Herbert and P. Ritson, 1976.
29. Tree removal and salinity in Helena Catchment, Western Australia. D. Ward, 1977.
30. Water quality in Allan Road Catchment, Western Australia. A. B. Hatch and S. R. Shea, 1977.
31. Food requirements of mardo [*Antechinus flavipes* (Waterhouse)] and the effect of fire on mardo abundance. R. Hindmarsh and J. D. Majer, 1977.
32. Salt content of lateritic profiles in the Yarragil Catchment, Western Australia. E. J. Herbert, S. R. Shea and A. B. Hatch, 1978.

33. Variations in level and salinity of perched and semi-confined groundwater tables, Hutt and Wellbucket experimental catchments. F. E. Batini, A. B. Hatch and A. B. Selkirk, 1978.
34. Phosphate and zinc nutrition of young *Pinus radiata* D. Don. in the Donnybrook Sunkland. J. F. McGrath, 1978.
35. Variation in surface water pH in forest catchments in Western Australia. A. B. Hatch, Y. L. Wong and C. P. Stone, 1978.
36. The development of an electrical ignition system for forest regeneration burning. P. M. Jones, 1978.
37. Increased girth increment associated with crown scorch in jarrah. P. C. Kimber, 1978.
38. The ecology of *Boronia megastigma* (Nees.) in Western Australian forest areas. P. Christensen and P. Skinner, 1978.
39. Screening of *Pinus pinaster* Ait. seedlings for resistance to *Phytophthora cinnamomi* Rands in pot trials. F. E. Batini, 1978.
40. A preliminary investigation of the relationship between *Phytophthora cinnamomi* and soil types in the southern forests of Western Australia. C. J. Schuster, 1978.
41. Natural fire periodicity in the karri (*Eucalyptus diversicolor* F. Muell.) forest. R. J. Underwood, 1978.
42. Fuel removal, fuel conditions and seedbed preparation in karri slash disposal burns. P. Jones, 1978.
43. Sediment in streams near logging areas in the Pemberton district. D. Whiteley, 1978.
44. The effect of plant spacing on the early development of karri (*Eucalyptus diversicolor* F. Muell.). C. Schuster, 1978.
45. Salinity sampling in the Helena Catchment, Western Australia. F. E. Batini and A. B. Selkirk, 1978.
46. Computer sorting of Western Australian site-vegetation types. D. Ward, 1978.
47. Response to phosphorus fertilisation of *Pinus radiata* grown on the Donnybrook Sunkland. J. F. McGrath, 1978.
48. Broadscale forest site survey techniques used in the Donnybrook Sunkland. G. S. McCutcheon, 1978.
49. Further notes on the food requirements of the mardo [*Antechinus flavipes* (Waterhouse)]. J. D. Majer, 1978.
50. Some factors affecting the germination of karri (*Eucalyptus diversicolor* F. Muell.) seed. P. E. S. Christensen and C. J. Schuster, 1979.
51. Silviculture of *Pinus radiata* in an agroforestry management system. F. H. McKinnell, 1979.
52. Subsurface sampling in a small subcatchment in the Donnybrook Sunkland. P. D. Stirling, 1979.
53. Initial fertiliser requirements of exotic eucalypts on the Donnybrook Sunkland. J. F. McGrath, 1979.
54. Rehabilitation of soils damaged by logging in south-west Western Australia. C. J. Schuster, 1979.

INFORMATION SHEETS

1. Tall trees. P. N. Hewett.
2. Bushfire survival. A. J. Ashcroft.
3. Pine plantations of Western Australia. E. A. Jenkins.
4. Jarrah root rot. F. E. Batini.
Revised 1975: Jarrah dieback—a threat to Western Australia's unique jarrah forest. S. R. Shea.
5. Mammals of Western Australian forests. P. E. S. Christensen and P. C. Kimber.
6. Eucalypts—a simplified key to 17 Western Australian species. F. E. Batini.
- *7. Fire look-out towers. G. van Didden.
8. The jarrah leaf miner. F. E. Batini.
9. Pit-sawing in Western Australia. R. J. Underwood.
10. Forests—their importance to water supplies. P. N. Hewett.
11. Prescribed burning in Western Australia—introduction. G. Peet.
12. Birds of Western Australian forests. P. Kimber and P. Christensen.
13. Forests and conservation. P. N. Hewett.
14. Prescribed burning and forest mammals. P. E. S. Christensen.
15. Termites in Western Australia. D. H. Perry.
16. The Goldfields firewood and mining timber trade. W. G. Brennan.
17. Planting pines in Western Australian conditions. E. A. Jenkins.
18. Pine trees growing in Western Australia. A. R. Lush.
19. Seed germination and testing. R. Edmiston and A. Ryan.
20. Conserving the inland woodland. O. W. Loneragan.
21. Mining timber. C. N. Broadbent.
22. Production from Western Australian forests. P. H. Barrett.
23. The broad axe and the adze. A. B. Selkirk.
24. Safety in forestry operations. J. Marshall.
25. How to measure a tree. G. W. Heberle.
26. The sandalwood trade. P. C. Richmond.
27. Fauna of the forest floor in the south-west of Western Australia. Anon.
28. The establishment of plants by the seaside. R. J. Edmiston.
29. World forestry day. Anon.
30. Honey production. L. F. Allan.
31. A trip on a bush locomotive. M. Southcombe.
32. Steam locomotives in the forests. M. Southcombe.
33. Protecting trees during home construction. Anon.
34. Ips bark beetles—pests of pines. S. J. Curry.
35. Quarantine in native forests. F. E. Batini.
36. Growing eucalypts from seed. R. J. Edmiston.
37. Plants resistant to *Phytophthora cinnamomi*. R. J. Edmiston.
- *38. Publications list. I. G. Lennon, N. Kozyrski, L. Gray.
39. Some questions and answers about jarrah dieback.

40. Logging Series. No. 1—Felling methods.
P. N. Hewett.
41. Logging Series. No. 2—Snigging methods.
P. N. Hewett.
42. Arbor Day.
43. Salinity. Questions and answers.

FOREST FOCUS

- *1. April 1970:
The timeless forest (Focus on the karri forest)
The growing importance of pine
Forest communications
- *2. August 1970:
Forest conservation
Eucalypts—a simplified key to 17 Western
Australian species
- *3. December 1970:
Controlled burning
Wandoo botanical notes
Facts and figures, 1970
Hauling, past and present
- *4. April 1971:
Loss of productive forest
Jarrah root rot
- *5. August 1971:
\$30 million forest products complex
Forest recreation
- *6. December 1971:
Jarrah forest
Bushfire survival
- *7. April 1972:
Birds of the jarrah forest
Jarrahdale centenary
Prescribed burning in Western Australian
forests
- *8. August 1972:
Shifting sands
Dryandra, an ecological oasis
- *9. December 1972:
Natural rounds
Pushbutton age
Country recreation grant
- *10. April 1973:
A new concept in forestry—fauna priority
areas
Some ecological aspects of jarrah dieback
- *11. September 1973:
Land use conflicts in the northern jarrah
forest
- *12. December 1973:
Marri woodchip project
- *13. April 1974:
Fire in the south-west forest ecosystems
Bibbulmun bush-walking track
14. April 1975:
Jarrah dieback
- *15. August 1975:
Inland eucalypts—a valuable biological
resource
Recreation characteristics of Western
Australian forests.
16. December 1975:
Sunklands multiple use land management
17. April 1976:
Forest policy
18. August 1977:
Southern recreation and conservation
management priority areas

19. November 1977:
Managing jarrah forest catchments
20. April 1978:
Agro-forestry trials in the south-west
21. April 1979:
Dieback hygiene—first steps
An ecological approach to the control of
jarrah dieback
Forestscapes
Index of notable photographs and articles
which have been published in *Forest Focus*
Nos. 1 to 21.

BULLETINS

64. Ash bed effects in Western Australian forest
soils. A. B. Hatch, 1960.
65. The development of jarrah regeneration.
A. C. van Noort, 1960.
- *66. Germination stimulation in *Pinus pinaster* Ait.
E. R. Hopkins, 1960.
67. Variation in the growth rate and quality of
Pinus pinaster Ait. in Western Australia.
E. R. Hopkins, 1960.
68. The fertiliser factor in *Pinus pinaster* Ait.
plantations on sandy soils of the Swan Coastal
Plain, Western Australia. E. R. Hopkins, 1960.
- *69. Progress report, 1955-60. (Prepared for the
British Commonwealth Forestry Conference.)
1962.
- *70. Nursery soil fertility studies with *Pinus radiata*
D. Don., Hamel Nursery, Western Australia.
A. B. Hatch, 1961.
71. Safety in controlled burning. 1963.
72. Not published.
73. Not published.
- *74. A fire danger rating and controlled burning
of the northern jarrah (*Eucalyptus*
marginata Sm.) forest of Western Australia.
G. B. Peet, 1965.
- *75. Importation of breeding material of *Pinus*
pinaster Ait. from Portugal. D. H. Perry and
E. R. Hopkins, 1967.
76. The potential of the northern Swan Coastal
Plain for *Pinus pinaster* Ait. plantations.
J. J. Havel, 1968.
- *77. The estimation of fire hazard in Western
Australia. A. B. Hatch, 1969.
78. Not published.
- *79. Short-term responses from controlled burning
and intense fires in the forests of Western
Australia. G. B. Peet and J. McCormick, 1971.
80. A study of scrub fuels in the jarrah forest of
Western Australia. G. B. Peet, 1971.
81. Germination in *Pinus pinaster* Ait.
E. R. Hopkins, 1971.
82. Drought resistance in seedlings of *Pinus*
pinaster Ait. E. R. Hopkins, 1971.
83. Weed control in radiata pine plantations.
F. H. McKinnell and T. B. Butcher, 1973.
84. Jarrah dieback—a disease of the jarrah forest
of Western Australia. F. E. Batini, 1973.
85. Environmental factors of the northern jarrah
forest in relation to pathogenicity and survival
of *Phytophthora cinnamomi*. S. R. Shea, 1975.
86. Site-vegetation mapping in the northern jarrah
forest (Darling Range). 1—Definition of
site-vegetation types. J. J. Havel, 1975.

87. Site-vegetation mapping in the northern jarrah forest (Darling Range). 2—Location and mapping of site-vegetation types. J. J. Havel, 1975.
88. Jarrah dieback—soil temperature and moisture regimes of some southern forest types. P. Christensen, 1975.
89. Some chemical properties of forest stream waters in Western Australia. A. B. Hatch, 1976.

GENERAL PUBLICATIONS

Fauna and Flora

- †Selected flowering eucalypts of Western Australia, 1971.
- Regeneration in the karri forest community. B. J. White and R. J. Underwood.

Environmental Reports

- *Environmental impact statement. Marri woodchip project, 1973.
- *Proposals for the reservation of some inland ecotypes, 1973.
- *Afforestation with pines in the Donnybrook Sunkland. Statement of Intent, 1975.

Miscellaneous

- *Miscellaneous Publication No. 1. Jarrah root rot, 1971.
- *Fifty years of forestry in Western Australia, 1969. (Supplement to 1968/69 Annual Report.)
- *Annual Report. (Published annually, 1896-1978.)
- Planning your garden to conserve water. R. J. Edmiston, 1977.
- Western Australia's wonderful timbers.
- †Forestry in Western Australia. 1971. (Reprinted 1975.) (Originally published as Bulletin 63. Individual chapters from the publication have been reprinted at various times.)
