

WILDLIFE EXHIBITION

The annual natural history exhibition conducted by the Western Australian Naturalists' Club in conjunction with the Gould League of Bird Lovers was held in the Perth Town Hall from September 14 to 19 and was open to the public from 9 a.m. to 10 p.m. daily.

Inspector J. E. Munro was in charge of this Department's exhibit and through the co-operation of Acting Curator of the Museum and Mr. and Mrs. R. Munday, of Cottesloe, was able to present an interesting section. The crayfish model kindly loaned by the Ajax Plaster Company excited considerable interest.

It is understood that 23,000 paying persons attended the show, which constituted something of a record, and our compliments are extended to the organisers who made this show an outstanding success.

AUSTRALIAN INLAND MISSION'S EXHIBITION

Inspector Munro had the unenviable task of dismantling the Department's exhibition in the Town Hall on Saturday night and packing it for transport by road to Kalgoorlie. All the many difficulties were successfully overcome and a very successful exhibition was provided for the interest of Kalgoorlie residents.

Inspector Munro reported that the children's interest was a little overwhelming, but otherwise the trip was well worthwhile and participation most appreciated by the organisers.
