CHARLES KNIFE — SHOTHOLE
WALK TRAIL

Shothole Canyon Carpark

Cape Range is a massive, rugged limestone range completely formed before the sea. The trails you have just completed by the shothole carpark are long but the views from walking trail you will experience the grandeur of nature the struggle for life and the beauty of the area from a different perspective. For a brief time, you can become part of it.

For Safety — Before you set out, please read the route description and precautions inside this booklet.
