Change to condition relating to hours of operation

Report and Recommendations
of the
Environmental Protection Authority

CERAMICS PLANT, MALAGA

PROPOSAL TO CHANGE CONDITION 1, POINT 1 RELATING TO HOURS OF OPERATION FOR MANUFACTURING

Pursuant to Section 46(1) of the Environmental Protection Act, the Minister for Environment has requested the Environmental Protection Authority to inquire and report on the suggestion that Condition 1, point 1, which requires that the proponent carry out its manufacturing process between the hours of 6.00 am and 10.00 am, be changed so that the hours of operation are between 6.00 am and 10.00 pm.

The Environmental Protection Authority has noted that the proposed change would bring the condition into line with the Authority's report on the matter (Appendix 1, point 1 of Bulletin 340) and the Notice of Intent provided by the proponent, therefore, the Authority is in favour of the change being made.

RECOMMENDATION

The Environmental Protection Authority recommends that Condition 1, point 1 should be amended so that the statement "Hours of operation will be 6.00 am to 10.00 am" is changed to "Hours of operation will be 6.00 am to 10.00 pm."
