INTRODUCTION

The Toxic Substances Legislation Sub-Committee of the Western Australian Advisory Committee on Chemicals was established in April 1984 to undertake a comprehensive review of chemicals legislation in Western Australia, and make recommendations for legislation where inadequacies are determined.

The compilation of this bibliography was initially undertaken to provide the Toxic Substances Legislation Sub-Committee with a source of information which would assist in its work. The value of such a bibliography for the wider community was soon recognised and this has resulted in the publishing of this bulletin.

The references contained in this bibliography have been compiled from the library collections of the Health Department of Western Australia, the Government Chemical Laboratories and the Departments of Agriculture, and Conservation and Environment. The references have been categorised according to subject area and are presented as such in this bulletin.

POLICY AND MANAGEMENT

ABRAMS, E.

Alternatives for hazardous waste management in the inorganic chemicals industry. Springfield, Va.; NTIS; 1977.

WPHD.

AGRICULTURAL and VETERINARY CHEMICALS ASSOC. of AUSTRALIA.

AVCA submission to N.S.W. government inquiry into the use and safety of 2,4,5-T. Sydney; AVCA; 1981.
