

## **CONTAMINATED SITES ACT 2003**

**T**HE Contaminated Sites Act 2003 was passed by State Parliament in Nov 2003, with the new laws to take effect in mid-2004. The new laws will include land affected by acid sulphate soils and they will have implications for a wide range of NRM managers. Copies of the Act are available from the State Law Publisher ([www.slp.wa.gov.au](http://www.slp.wa.gov.au)), with Contaminated Sites Management Series Guidelines available at [www.environ.wa.gov.au](http://www.environ.wa.gov.au) under 'contaminated sites/technical guidelines'.
