

# SCIENCE COMMUNICATIONS

April 2004-June 2004

Science Division Mission: The provision of up-to-date and scientifically sound information to uphold effective conservation and land management in Western Australia  
<http://calmweb.calm.wa.gov.au/drb/science/index.html>

*Science Communications* lists titles of publications, reports etc prepared by Science Division staff. This issue is for the period April to June 2004

If you require a copy of a **submitted** paper please contact the author. For all other titles please contact Lisa Wright at Woodvale.

Neil Burrows  
Director

**Science Project Plans**

The following were recently approved:

Supervising scientist: Ian Abbott  
Project: Native earthworms (Oligochaeta)  
of the Swan Coastal Plain: biodiversity,  
distribution and threatening processes
