No. 37 (July 2015)

Science & Conservation Division Mission: The provision of up-to-date and scientifically sound information to uphold effective evidence-based conservation of biodiversity and sustainable natural resource management in Western Australia

*Science Communications* lists titles of publications, reports etc prepared by staff of the Science and Conservation Division. This issue is for the period February-July 2015.

If you require a copy of a **submitted** paper please contact the author. For nearly all other titles a PDF link is included. Any problems with access please contact [Library@DPaW.wa.gov.au](mailto:Library@DPaW.wa.gov.au)
