No. 41 (July 2017)

Science & Conservation Mission: The provision of up-to-date and scientifically sound information to uphold effective evidence-based conservation of biodiversity and sustainable natural resource management in Western Australia
<https://dpaw.sharepoint.com/Divisions/scd/>

Science Communications lists titles of publications, reports etc prepared by staff of the Science and Conservation Division. This issue is for the period July 2016-January 2017.

If you require a copy of a **submitted** paper please contact the author. For nearly all other titles a PDF link is included. Any problems with access please contact Library@dbca.wa.gov.au
