But no more, from 31 May 2019 all campsites must be booked online before you go.

We have made it easier for you to plan your trip – book before you leave home and you can enjoy the journey knowing you have a campsite waiting for you when you arrive.

Saddle up and get ready to ride!

Now you can explore Shannon National Park on horseback by selecting one of three bridle trails.

The bridle trails are 7km, 17km and 20km long so you are sure to find a trail that suits you and your horse.

You can also camp with your horse at the recently built Shannon Horse Camp. A large, securely fenced area near the Shannon Oval which provides plenty of room to stay with your horse. Horse yards, hitching rails and compost bays are located within the fenced area. Toilets and showers are a short walk away in the main Shannon Campground.

Out with the old, in with the new track signage

The contemporary design can be seen to represent some of the highlights of the track such as the ocean, land contours and the lighthouses.

Over the next few months, Friends of the Cape to Cape Track and Parks and Wildlife Service staff will replace more than 2500 markers. If you are hiking the track during this time, you will come across both the old and new markers and you can follow either one.

There is also a brand new Cape to Cape Track map which features the entire track on one map! [Purchase your copy today.](#)
