Forest Management Plan **NEWSLETTER**

The Government of Western Australia acknowledges the Traditional Owners throughout Western Australia and their continuing connection to the land, waters and community. We pay our respects to all members of Aboriginal communities and their cultures; and to Elders past, present and emerging.

In particular, DBCA acknowledges the Noongar people as the Traditional Owners and native title holders within the Forest Management Plan area in the south-west of Western Australia and respects the continuing connection and importance of forests to their cultural, physical and spiritual health.
