

## TRAFFIC ACT, 1919-1972.

Police Department,  
Perth, 24th January, 1973.

HIS Excellency the Governor in Executive Council acting pursuant to the powers conferred by the Traffic Act, 1919-1972, has been pleased to make the regulations set out in the Schedule hereunder.

A. L. M. WEDD,  
Commissioner of Police.

## Schedule.

## Regulations.

- Principal regulations. 1. In these regulations the Road Traffic Code, 1965, as reprinted pursuant to the Reprinting of Regulations Act, 1954 and published in the *Government Gazette* on the 22nd January, 1970, with amendments up to and including the 13th August, 1969 and amended from time to time thereafter by notices so published, are referred to as the principal regulations.
- Reg. 301 amended. 2. Regulation 301 of the principal regulations is amended by adding after subregulation (2) the following subregulation—
- (2a) Notwithstanding any other provision of these regulations, a traffic sign or traffic control signal that was, prior to the coming into operation of this subregulation, erected at or in the vicinity of a railway level crossing by or with the authority of the Commissioner of the Western Australian Government Railways shall be a valid and effective traffic sign or traffic control signal for the purposes of these regulations.

## FISHERIES ACT, 1905-1971.

Department of Fisheries and Fauna,  
Perth, 6th February, 1973.

F. & F. 396/65.

THE Minister for Fisheries and Fauna, pursuant to the powers conferred by subsection (1) of section 23A of the Fisheries Act, 1905-1971, hereby declares—

(1) that—

- (a) every rock lobster pot other than a batten rock lobster pot shall in addition to any neck or entrance have inserted therein a device that—
- (i) creates an escape gap that is as nearly as practicable rectangular in shape and measures not less than 305 millimetres in length and not less than 54 millimetres in width;
  - (ii) is constructed of either steel rod having a diameter of not less than 9.5 millimetres, or of steel flat-bar having a width of not less than 19 millimetres and a depth of not less than 4.7 millimetres; and
  - (iii) is positioned on the side, or on the end, or on the upper surface of the pot so that the longer sides of the gap that it creates are generally parallel to the base of the pot; and
- (b) every batten rock lobster pot shall have therein, in addition to any neck or entrance, an escape gap that—
- (i) is as nearly as practicable rectangular in shape and measures not less than 305 millimetres in length and not less than 54 millimetres in width; and
  - (ii) is positioned on the side, or on the end, or on the upper surface of the pot so that the longer sides of the gap are generally parallel to the base of the pot; and

(2) that notwithstanding that an escape gap in a rock lobster pot or created by a device inserted in a rock lobster pot conforms with the specifications set out in paragraph (1) of this notice, that pot shall be deemed not to comply with the requirements of this notice if—

- (a) a hauling line is attached to the escape gap;
- (b) ballast or a skid board is located immediately inside the escape gap;

- (c) wire mesh used to cover or reinforce the pot is attached to the escape gap in such a manner that the wire or other material used to attach the mesh passes through the gap;
- (d) more than one pot wire passes perpendicularly across the escape gap;
- (e) any pot wire passes other than perpendicularly across the escape gap; or
- (f) the escape gap is obstructed in any other manner.

The notice published in the *Government Gazette* on the 15th September, 1972, pursuant to the powers conferred by sub-section (1) of section 23A of the Fisheries Act, 1905-1966, shall cease to have effect on and from the date of publication of this notice.

A. W. BICKERTON,  
Minister for Fisheries and Fauna.
