CONSERVATION

CO301*

Wildlife Conservation Act 1950

Wildlife Conservation (Rare Flora) Notice 2003

Made by the Minister under section 23F(2) of the Act.

1. Citation

This notice may be cited as the *Wildlife Conservation (Rare Flora) Notice 2003*.

2. Interpretation

In this notice —

“**extant**” means known to be living in a wild state;

“**protected flora**” means any flora belonging to the classes of flora declared by the Minister under section 6 of the Act to be protected flora by notice published in the *Gazette* 9 October 1987, at p. 3855;

“**taxon**” includes any taxon that is described by a genus name and any other name or description.

Note: The plural form of “taxon” is “taxa”.

3. Rare flora

Subject to clause 4, protected flora —

- (a) specified in Schedule 1, being taxa that are extant and considered likely to become extinct or rare and therefore in need of special protection; and
- (b) specified in Schedule 2, being taxa that are presumed to be extinct in the wild and therefore in need of special protection,

are declared to be rare flora for the purposes of section 23F of the Act throughout the State.

4. Application

Clause 3 does not apply to those plants of a taxon of protected flora specified in Schedule 1 or 2 that have been planted for any purpose other than such plants that have been planted for the purpose of conservation of that taxon and in accordance with approval given by the Executive Director.

5. Revocation

The *Wildlife Conservation (Rare Flora) Notice 2002* is revoked.
