

RESERVE ACTION SHEET - CONSERVATION RESERVES

RESERVE No. 12427

LGA: Shire of Perenjori

TENURE & NAME: unnamed nature reserve

ACTION

The Management Order in favour of the Water and Rivers Commission for Reserve 12427 was revoked, and the reserve's purpose was changed to 'Conservation of Flora and Fauna'.

By amending the purpose to 'Conservation of Flora and Fauna', statutory management of the reserve automatically goes to the Conservation Commission of WA under section 7(2) of the *Conservation and Land Management Act 1984*.

Total Area: 106.0433 hectares

REASON FOR ACTION

In November 2001, the (then) Water Authority advised they no longer required the reserve, and offered it to CALM.

It was recommended in March 2002 that the reserve be acquired due to the diversity of flora, and the potential for mallee fowl nesting sites.

Date of amendment: 12 July 2005
