

# RESERVE ACTION SHEET: CONSERVATION RESERVES

**RESERVE No.** 16942

**LOCAL GOVERNMENT:** Shire of Kulin

**NAME:** Unnamed

**PURPOSE:** Conservation of Flora & Fauna **VESTING:** Conservation Commission of WA

**ACTION**

Change of purpose from "Water Supply" to "Conservation of Flora & Fauna"

**TOTAL AREA:** 13.5465ha

**REASON FOR ACTION**

Reserve 16942 is located in the Dudinin Townsite. It originally had an area of 42.7109ha and was vested in the Water Corporation for the purpose of "Water Supply". It is one of many water reserves in the Wheatbelt Region that were identified several years ago as being surplus to the requirements of the water agencies. The northern section of the reserve (29.1673ha) contains a dam and sporting facilities. This area has been excised from Reserve 16942 and set aside as a separate reserve (Reserve 46697) vested in the Shire of Kulin for the purpose of "Recreation and Landscape Protection". The remaining southern portion of Reserve 16942 had been identified as having sufficient conservation value to warrant nature reserve status. This area has remained designated as Reserve 16942 but with a change of purpose to "Conservation of Flora & Fauna" with vesting in the CCWA
