RESERVE 17710.

I refer to previous correspondence regarding the abovementioned reserve and subsequent telephone conversation between Robert Powell of your Department and Peter Gillies of this department and advise for your information that Executive Council has:-

- 1.) issued an Order in Council, revoking the Order in Council dated June 4, 1975 whereby Reserve No. 17710 was vested in the Minister for Works in trust for the purpose of "Water Supply".
- 2.) approved of the purpose of Reserve No. 17710 (Avon Location 28504) being changed from "Water Supply" to "Conservation of Flora and Fauna" and issued an Order in Council directing that Reserve No. 17710 (Avon Location 28504) shall vest in and be held by the National Parks and Nature Conservation Authority in trust for the purpose of "Conservation of Flora and Fauna".

Notice to this effect was published in the Government Gazette of August 9, 1985 and I enclose a print showing the said reserve and the relevant Vesting Order.

As discussed in the abovementioned telephone conversation, action to excise the cleared portions of Reserve No. 17710 will await your confirmation.
