Class 'A' Reserve 23076 is set aside for the purpose of "Conservation of Flora and Fauna" and vested in the National Parks and Nature Conservation Authority pursuant to Section 7 of the Conservation and Land Management Act 1984. The reserve was proclaimed Class 'A' in September 1992.

Following agreement between the then State Planning Commission and the Department of Conservation and Land Management Lots 31 to 35 inclusive on Plan 4742 were transferred to the Crown free of cost with the intention that these lots would be amalgamated into Class 'A' Reserve 23076. As an interim measure Lots 31 to 34 inclusive were revested, redescribed as Canning Location 3893 and set aside as Class 'C' "Conservation of Flora and Fauna" Reserve 43182. Lot 35 was overlooked and remained in Certificate of Title Volume 1241 Folio 542 in the name of Her Majesty Oueen Elizabeth the Second.

It is now proposed to cancel Class 'C' Reserve 43182, revest Lot 35 on Plan 4742 and include both these areas, shown coloured dark red on the sketch, into Class 'A' Reserve 23076.

No objection to this proposal has been raised by Coalition Members and the Shire of Kalamunda, Departments of Minerals and Energy and Conservation and Land Management support the action. As the subject lands were held privately in fee simple prior to acquisition by the then Metropolitan Region Planning Authority the proposal can proceed without reference to the Native Title Act 1993.

As land can only be added to Class 'A' reserves with the approval of both Houses of Parliament this clause seeks to achieve that action.
