

## RESERVE ACTION SHEET: CONSERVATION RESERVES

**RESERVE No.** 23877

**LOCAL GOVERNMENT:** Shire of Wyalkatchem

**NAME:** Wyalkatchem Nature Reserve

**PURPOSE:** Conservation of Flora & Fauna

**VESTING:** Joint vesting: Conservation Commission of WA and Shire of Wyalkatchem

**ACTION**

Portions of Reserves 16623 and 688 (both for the purpose of "Water Supply" and vested in the Water Corporation) have been added to Wyalkatchem Nature Reserve (Reserve 23877)

**TOTAL AREA:** Reserve 23877 has been increased from 129.4994ha to 255.9827ha

**REASON FOR ACTION**

Reserves 16623 and 688 were surplus to the requirements of the State's water agencies. The addition of the subject portions of these reserves to Reserve 23877 was recommended by the District office as a strategic addition to the conservation estate. The addition has increased the representation of Beard vegetation associations no's 1049 & 1413 within the conservation reserve system. Note: Reserve 23877 is one of several nature reserves in the Shire of Wyalkatchem that are jointly vested in the Shire and the CCWA. DEC's Avon-Mortlock District Manager is discussing the future management of these reserves with the Shire.
